Tuck & Holand Weather vane

A Tuck & Holand weather vane combines great design and old world technique. These handcrafted, fully functional weather vanes are built to last for generations as they grow in value. Made from copper, brass and bronze, and created entirely by hand using the near lost art technique of copper repousse, Tuck & Holand weather vanes are not only a one-of-a-kind gift, but a gift that will become a family heirloom.

Numbered edition Lobster
Weather vane \$15,000.00

Escalade Estate Golf Car

Travel the fairways in style in your **Escalade Estate** golf car from Electric Car Distributors. Standard features are plenty, but customizing this beauty will have everyone begging for a ride. Add a color television, digital yardage locator, AM-FM stereo cassette player or CD player, a golf package and this baby is ready to roll. Of course your favorite color can be applied to match some of your other adult toys.

\$16,995.00 base price.
